Respected Sir(s) / Madam(s),

I extend my heartfelt gratitude to all of you for encouraging and motivating me for taking care of me and for being the best mentors I could ask for. In countless situations you showed understanding and empathy often considering my perspective even without prior experience or knowledge of my circumstances. For that I am deeply thankful and forever grateful.

Without your unwavering support I would not have been able to accomplish anything on my own. While I often felt intimidated by you in various ways you always prioritized my well-being and made me feel comfortable.

A special thanks to my teachers at Joseph School and my college lecturers for their invaluable guidance. Your kindness and dedication have made a profound impact on my life.

Thank you so much...

“Thank you for being the support I needed to grow.”

Sincerely,
Shalo
